

Generation and wholesale licence application form

Purpose of this form

This form must be completed by persons making an application to the Essential Services Commission (the commission) for the issue of a licence to authorise electricity generation and selling (wholesale) electricity in Victoria.

Basis for this form

Section 18 of the Electricity Industry Act 2000 (the Industry Act) provides that an application for the issue of a licence must be made to the Commission in a form approved by the commission. This is the form approved by the commission.

Use of this form and the applicant's responsibilities

An application for a licence may be made by any legal person including, without limitation, individuals, partnerships, incorporated associations, unit and other forms of trusts and corporations. Entities that are not a legal person (for example, an unincorporated joint venture) cannot apply for a licence.

For the purpose of this application form, reference to the term "Officer" include the applicant's directors and secretary, and other persons who make or participate in making decisions that affect a substantial part of the business (e.g. Chief Executive Officer, Chief Financial Officer, General Manager etc.).

The applicant should list the information requested in the spaces provided in this form and enclose additional information when required. The applicant must take all reasonable steps to ensure the information provided in the application form is complete, true and correct. An officer of the applicant is required to make a declaration to the effect (in the application form). Failure to disclose information or misrepresent any matter relevant to such information may result in a licence not being issued or in the revocation of a licence later.

The applicant is responsible for providing the commission with current, accurate and relevant documentation. It is the applicant's responsibility to make all reasonable inquiries to obtain the information requested by this form.

Timely process of the application will be assisted by providing accurate and relevant information and a complete application (answering all questions and providing all information). All applications are assessed on a case-by-case basis. If insufficient information is provided with an application, we will request additional information to be submitted before the application is considered further.

Prior reading

It is essential that the applicant reads our guide to applications for electricity industry and gas industry licences before filling out this form. The guide is available on [our website](#).

Licence conditions

Section 20 of the Industry Act authorises the commission to issue licences subject to conditions as decided by the commission. We strongly recommend the applicant review the standard conditions in our licence template. The applicant must be familiar with the relevant conditions and confident that the applicant can comply with the conditions.

Further information

The applicant should note that the commission may ask for further information, or to clarify the information that the applicant has already provided in the application form.

Consultation and confidentiality

We will consult with relevant government, industry and consumer groups in the conduct of its licensing functions through a public consultation process. Applications and/or supporting information will be made available on our website and in hard copy from our office for this purpose.

If the applicant believes that any information provided is confidential or commercially sensitive, it is the applicant's responsibility to clearly identify this information. The applicant should also provide a 'non-confidential' version of the application form for publication on our website.

How to lodge an application

The applicant may send the completed application form electronically (preferred) or in writing to:

Electronically: licensing@esc.vic.gov.au

In writing: Essential Services Commission
8/570 Bourke Street
Melbourne VIC 3000

Application fees and annual licence fees

The Commission sets the application fees. Currently, there is no application fee.

Holding a licence incurs annual licence fees. The licence fees are determined by the Assistant Treasurer. The Commission will send an invoice for the licence fee to each licensee. Licence fees are to be paid on receipt of an invoice via one of the payment options set out in the invoice.

Suitability of applicant to hold a licence

The applicant must answer all questions in this section.

4. Fit and proper person

In deciding whether to grant or refuse a licence application, the commission will consider whether the applicant is a fit and proper person to hold a licence in Victoria.

The concept of a 'fit and proper person' is established by common law and takes its meaning from its context, from the activities in which the person is or will be engaged, and the ends to be served by those activities.

In considering whether an applicant is a fit and proper person, we will have regard to the applicant's honesty, integrity and reputation. These are relevant factors as they can inform an assessment of the likelihood of future conduct.

We will also consider the conduct of directors, office holders or any person with significant managerial duties or influence. We will also consider the conduct of related bodies corporate or entities that can exert control over the applicant.

- a) Have any directors of the applicant, directors of any entity that can exert control over the applicant, or any person with significant managerial responsibility or influence on the applicant:
- (i) been declared bankrupt,
 - (ii) had their affairs placed under administration,
 - (iii) been disqualified from managing a company,
 - (iv) been subject to debt judgements, or
 - (v) insolvency proceedings (including any administration, liquidation or receivership in connection with the affairs of a company)?

5. Commission objectives

The applicant must answer all questions in this section.

In deciding whether to grant or refuse a licence application, the commission must consider its objectives under the Electricity Industry Act and/or Gas Industry Act and the Essential Services Commission Act (ESC Act).

Our objective under the Essential Services Commission Act, when performing our functions and exercising our powers, is to promote the long-term interests of Victorian consumers. In seeking to achieve this objective, we must have regard to the price, quality, and reliability of essential services and the matters set out in section 8A to the extent they are relevant.

In seeking to achieve the objectives specified in section 8, the commission must have regard to the matters to the extent that they are relevant in any particular case.

Please provide any information the applicant considers relevant to the commission's consideration of its objectives outlined in:

- Section 8 of the Essential Services Commission Act (also see s 8A of the Essential Services Commission Act),
- Section 10 of the Electricity Industry Act, and/or
- Section 18 of the Gas Industry Act.

..... Granting a generation license to the Applicant is consistent with the objectives of the commission in terms of protecting the long term interests of Victorian consumers.

The licence will enable the Applicant to continue to own, maintain, operate and otherwise perform its functions in respect of the BESS. At a high level the BESS will typically be charged when prices and demand are at their lowest, and discharged into the NEM when supply is at its tightest, contributing to a reduction in prices paid by consumers. The BESS will also provide additional capacity at periods of peak demand, improving reliability of the system, and will aid system security through participation in all eight Frequency Control Ancillary Service markets.

The BESS helps contribute to the clean energy transformation by supporting the network in Phillip Island. It will also provide network support to the local distribution network service provider by reducing load during peak summer demand days which will reduce the energy at risk of the area.
