Dear Mr Young

**Draft energy compliance and enforcement policy**

We appreciate the opportunity to respond to the Essential Services Commission's draft energy compliance and enforcement policy.

Jemena Electricity Networks (Vic) Ltd's (**Jemena**) supports the draft policy. It is a principles based approach to compliance and enforcement. In particular, we support an approach of addressing compliance issues that is timely and results in lowest administrative cost resolution.

We welcome discussions on exception reporting arrangement to track performance and to notify the Commission of any breaches. In the meantime, we understand our licence obligations to report material breaches to the Commission when they occur.

If you have any questions, I can be contacted on \_\_\_\_\_ or \_\_\_\_\_

Yours sincerely

**Siva Moorthy**
